

MARS

MISSION

EP/Single Album

PRESS RELEASE

4 December 2021

MARS MISSION RELEASED

4th December, 2021
Minehead, England (UK)
contact@balazsbirtalan.com

Balazs Birtalan's new EP album, "**Mars Mission**" is released and available on different platform like Spotify, Amazon Music, Youtube Music, Apple Music, Deezer and other stores. The ambient and new-age styled music was record in England and mastered by Abbey Road Studio (Simon Gibson and Frank Arkwright).

Listen it here now: <https://youtu.be/dnrQre9cH2A>

The Mars 2020 mission was announced officialy by NASA on 4 December 2012 at the fall meeting of the American Geophysical Union in San Francisco that's why the release date of the EP album is planned on same date (**4 December 2021**). Currently the album is an EP/Single album which contains 3 tracks (**The First Picture, Dune, Ingenuity**). The full album has already planned to release in the next year with 15 tracks.

Balazs Birtalan is a musician and composer of new-age (electronic), progressive, ambient and orchestral music in a variety of themes and topics. Balazs' music style is "Ambient", "New Age" and "Electronic music". The Mars Mission is his first project which it is similar to a soundtrack (like a movie score) that follows a linear story.

More information about his work and him it can be find on his official website: <https://www.balazsbirtalan.com/>
